PILOT PROGRAM IMPACT OVERVIEW

Dear Community Partners, Supporters, and Friends,

The wellness enrichment boot camps and youth development initiatives were initially piloted through our parent organization, Right Solutions Inc., with support from the Department of Youth Development (DYD). Over two years, we served a total of 254 youth—57 in Year 1 and 197 in Year 2—through immersive workshops and camps focused on emotional resilience, financial literacy, and leadership development.

These early efforts demonstrated meaningful improvements in participants' confidence, life skills, and community engagement. The positive outcomes and valuable feedback from these initial years provided the foundation for establishing Right Solutions Foundation as a dedicated nonprofit, enabling us to expand our programs and impact further.

As a newly established nonprofit, we are eager to build on our initial success and develop sustainable operations. Our upcoming initiatives include pilot programs in fashion, auto mechanics, and green industries, as well as large-scale financial literacy festivals, all aimed at creating lasting pathways to employment, housing, and self-sufficiency.

We respectfully seek the opportunity to submit a full proposal for funding support to help us expand our programs, establish dedicated facilities, and deepen our community impact. We believe that with continued support, RSF can significantly contribute to empowering youth and fostering resilient, self-sufficient communities.

Thank you for your consideration. We look forward to the possibility of partnering with you to make a lasting difference in the lives of our youth.

With appreciation and pride,

Stacy Hernandez
Executive Director
Right Solutions Foundation

MISSION STATEMENT

RIGHT SOLUTIONS FOUNDATION
EMPOWERS YOUTH AND FAMILIES TO
BUILD RESILIENT, SUCCESSFUL FUTURES
THROUGH HOLISTIC PROGRAMS IN
FINANCIAL LITERACY, EMOTIONAL
WELLNESS, EXPRESSIVE ARTS, AND
WORKFORCE DEVELOPMENT.

**We nurture strong minds, healthy relationships, and
confident leaders for our community.**

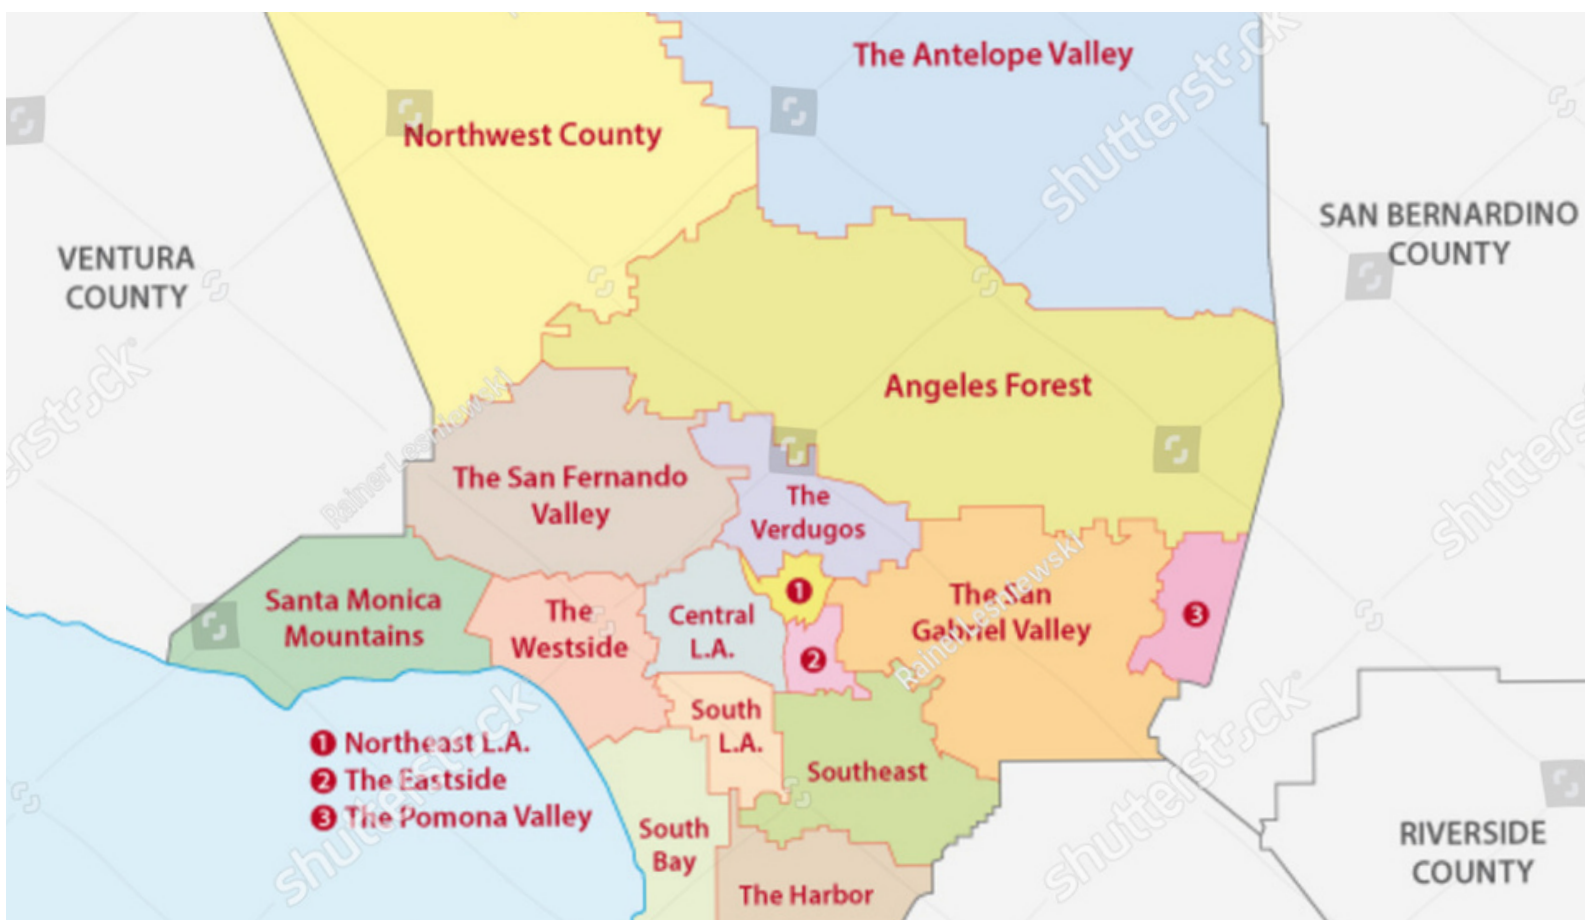

04

THE NEED

In North LA County and the Antelope Valley, too many youth and families face systemic barriers. For example, **30% of local youth live in under-resourced neighborhoods with limited access to after-school enrichment** (LA County Youth Report, 2023). Regional partners cite increasing gaps in financial literacy, digital skills, and emotional wellness for both youth and adults. Community feedback and ongoing wait-lists demonstrate that far more families seek our programs than we can currently serve.

Right Solutions Foundation was established to provide real-world learning, creative expression, and economic empowerment, particularly for those who have been left out.

05

TWO YEAR IMPACT

WHO WE SERVED:

- 57 UN-DUPLICATED YOUTH IN YEAR 1
- 197 IN YEAR 2
- 200 ADULTS AND FAMILIES ENGAGED THROUGH COMMUNITY REFERRALS & EVENTS
- 80% OF PARTICIPANTS IDENTIFY AS BLACK, LATINX, OR FROM OTHER COMMUNITIES OF COLOR

WHAT WE DELIVERED:

- Developed and piloted a 40-hour Boot Camp curriculum integrating STEM, wellness, arts, and entrepreneurship
- Cultivated partnerships with LA County schools, agencies, and the Department of Youth Development.
- Facilitated family community engagement events and resource referrals.

WHAT CHANGED:

- Established Right Solutions Foundation to expand our boot camps and community reach.
- Develop and pilot new boot camps (Fashion Design & Entrepreneurship; STEM boot camp).
- Established partnership with AV Union High School District to expand program reach.

WELLNESS ENRICHMENT BOOT CAMP

Our comprehensive suite of boot-camps and workshops continues to serve as a catalyst for positive change, equipping young people with the tools, skills, and confidence needed to thrive in their communities and beyond.

This year, our programs emphasized holistic development, emphasizing not only practical skill-building but also fostering personal empowerment and community connection. Youth participants experienced a renewed sense of purpose as they gained exposure to new opportunities, expanded their networks, and cultivated leadership qualities. Many shared that the programs provided a safe space for expression, growth, and healing, allowing them to confront systemic barriers with resilience and hope.

Our impact extends beyond individual skill development. By nurturing a mindset of self-advocacy and community engagement, we are helping to cultivate a generation of youth prepared to advocate for themselves and their communities. The diverse range of programming, focused on personal wellness, career exploration, creative expression, and systemic support, has contributed to measurable progress in participants' confidence, aspirations, and readiness to pursue higher education or meaningful employment.

Throughout the year, our dedicated staff and partners worked tirelessly to ensure that programs remained accessible, culturally relevant, and responsive to the evolving needs of our youth. The feedback from participants and their families underscores the importance of our work: many describe their experiences as transformative, citing newfound motivation, improved mental health, and a clearer vision for their futures.

As we look ahead, our commitment remains steadfast: to continue providing impact, inclusive programs that empower young people to overcome systemic challenges and build a foundation for lasting success. Our efforts in

OVERVIEW

Our Wellness Boot Camps provide a holistic approach to youth development by integrating financial literacy, mindfulness, and movement-based activities such as Krump dance.

Through these programs, participants develop essential skills in money management, emotional regulation, and self-expression. The camps empower youth to build confidence, resilience, and healthy habits, fostering overall well-being and personal growth that supports their academic and life success.

BOOT CAMP HIGHLIGHTS

Since 2024, over 250 youth and young adults have been served through our bootcamps and workshops across Los Angeles County, (primary focus on the Lancaster Valley region).

85% of youth reported improvement in financial.

Created 6+ new partnerships with schools and community programs to expand program reach and pilot new boot camps FY 2026-2027.

Improved school attendance and behavior through cultural relevant restorative engagement.

Outcomes

- Participants with anxiety report significant relief and improved emotional regulation through sound and movement practices.
- Students demonstrate stronger mindsets, expressing pride in learning how to manage both money and emotions.
- Families observe improved communication and responsibility at home.
- Youth report feeling prepared for adulthood, with the tools, focus, and confidence to face life's challenges.
- Participants overwhelmingly describe the program as motivational, practical, and life-changing.

Measuring Success and Continuous Improvement

Evaluation through pre- and post-surveys, focus groups, and outcome tracking
More than 200 survey responses and ongoing family feedback inform program design
Commitment to transparency and results-driven growth

Right Solutions Inc. is building the next generation of emotionally intelligent, financially aware, and purpose-driven leaders.

IMPACT TESTIMONIES

I believed in this organization because I truly felt it could bring our students development and create a safe space for them to learn financial literacy - creatively.

Principal of S.A.G.E
Academy
Community Partner

"The program taught me many things like how to dance, management, and my emotions. My favorite part was learning about financial literacy."

Program Participant

"I really enjoyed Right Solutions the most because of all the friends I made along the way. I would 100% come again."

PARTNERS

RIGHT SOLUTIONS FOUNDATION

Our Model:

- Innovative Collaboration
- Interdisciplinary, youth-driven learning
- Trauma-informed wellness and mental health supports
- Career exploration and entrepreneurship, not just academics
- Family engagement and community voice at every level

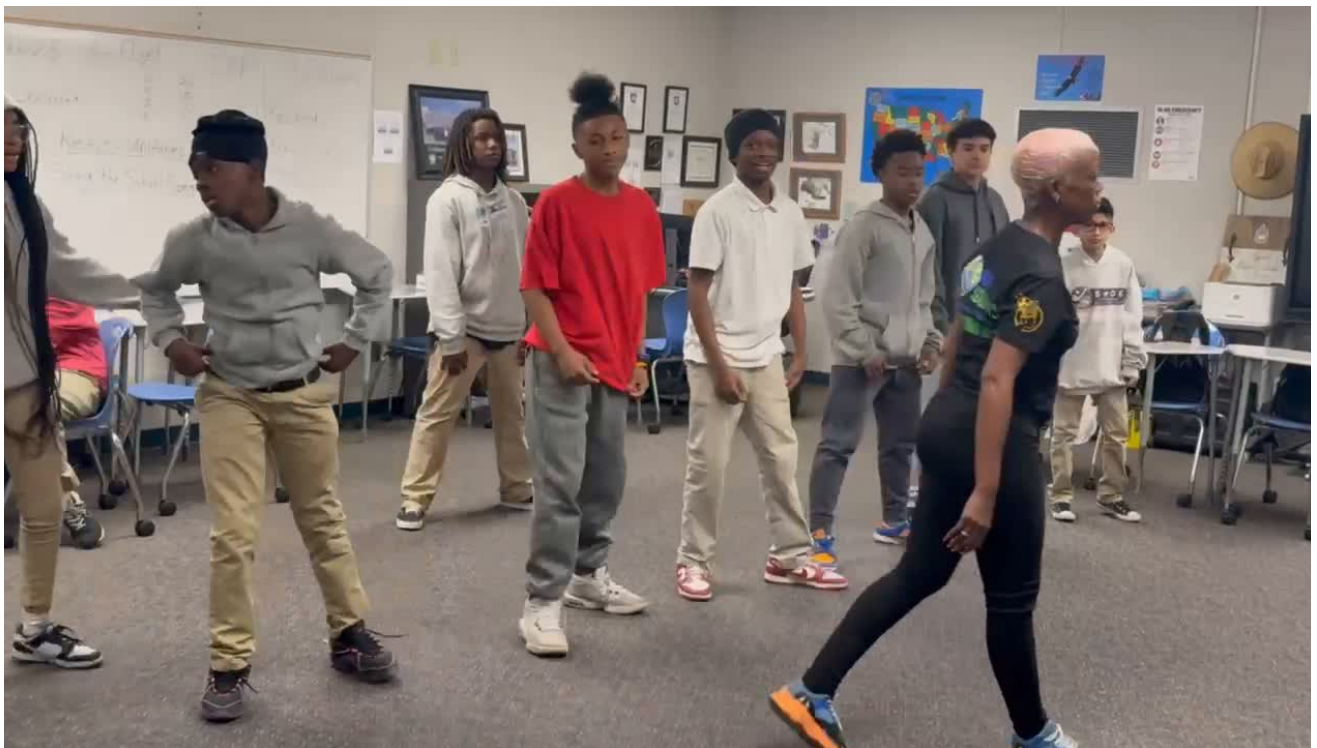

- Krump Movement
- Soundbath
- Empower Them Collective

LOOKING AHEAD

- Expand Wellness Enrichment Bootcamps to more Los Angeles County schools.
- Deepen WaterWise Pro workforce training into a certification and job placement pipeline.
- Launch the Right Solutions Scholarship Fund for outstanding youth.
- Host the first Community Wellness & Creative Arts Festival in 2026.
- Strengthen corporate and industry partnerships for youth mentorship and recruitment.
- Assisted living for foster youth & domestic violence survivors

**RIGHT SOLUTIONS
FOUNDATION**

WAYS TO GIVE

Please help us strengthen the lives of individuals and communities by supporting impactful boot camps, financial literacy programs, and mentorship opportunities for people of all ages. Your support enables us to deliver transformative experiences that equip participants with essential skills, confidence, and resilience to overcome challenges and pursue their goals.

We are grateful for your commitment to fostering opportunity, empowerment, and lasting change across generations in the communities we serve.
